# LET-a CeMAT AISA event The Over view of 2019 edition

## Smart Logistic is coming into reality

LET-a CeMAT ASIA event is the biggest smart logistic equipment and technology trade fair in South China. As the professional logistic equipment and technology show, LET-a CeMAT ASIA event always organized under the principle of grasping the market trends with new technology, innovation and service, based in South China provides exhibitors a high-end professional trade fair platform. Since the first edition in 2010, it's already successfully operated for 9 years. With the expanding exhibition scale and improving exhibits quality and increasing visitor numbers, it already became the logistic equipment and technology flag event in South China.

The 9th LET show was successfully concluded on May 25, 2018. Nearly 300 top logistics equipment and technology companies worldwide have participated the show brought their high tech exhibits like, intelligent forklift trucks, smart logistics systems, logistics robots, AGV, green material handling technology, lithium battery fast charging technology, laser slam unmanned guiding technology, smart factory solutions, etc. The total exhibition scale reached 20,000 square meters. Attracted 32,590 visitors in three days show period, this visitor number broke the historical record. A series of exciting events were held onsite, nearly 100 industry experts and scholars were invited to discuss "Intelligent Manufacturing and Smart Logistics", focused on the characteristics of users in the South China market with tailor made solutions. Worked together with the end users by solving the their current difficulties, LET has again delivered a brilliant logistic equipment and technology trade fair in South China.

In 2019, the LET-a CeMAT ASIA event will be fully upgraded, presented by the joint venture company Hannover Milano Best Exhibitions(Guangzhou)Co.,Ltd between Guangzhou Best Exhibition Co., Ltd. and Hannover Milano Fairs Shanghai Ltd. the show will combine the strengths from both partners, by the joint forces, it will become the new driving force to the China logistics market. Importing global resources, LET will provide a high-quality trade fair platform for exhibitors to display, communicate and finding cooperations in Chinese logistics market. In the meantime the show will also bring together the best logistic equipments and technologies from worldwide; explore the current trends of intelligence logistics, automation, information technology, advanced manufacturing, IoT and Logistics 4.0. LET-a CeMAT ASIA event is the best choice for your precise positioning!

## Exhibitor/Visitor Testmony

**Zebra Technologies Trading Shanghai Ltd.**  
Zhang Can Jie Manager

Zebra technology has participated in LET-a CeMAT ASIA event and its concurrent activities many times. Got good results both in branding and business development every time. As a leading trade fair platform in logistics field the show has its distinguished advantage. We will surely participate again.

**TING HSIN International Group - Shanghai Ding Shi Ware Housing Company**  
Mr. Yu Manager Business Planning Dept.

First of all, the LET-a CeMAT ASIA event's brilliant concurrent forum and "Golden Ant" Awards ceremony were highly recognized, breaking the tradition of China's logistics industry, promoting role models, leading change and delivering positive energy. In addition, visitors of LET-a CeMAT ASIA event came from all over the country, we hope the organizer will invite more exhibitors from worldwide in the future, bringing us more new products and new technologies.

**Omniroll (Guangdong) Co., Ltd.**  
Wang Dan Hong Marketing Manager

Omniroll participated in LET-a CeMAT ASIA event for the first time this year. The participating experience is more pleasant than the expected. In the exhibition, we exhibited high-tech products including: intelligent warehouse logistics system iWMS, intelligent AGV iAGV, intelligent dispatch management system, and Omniroll wheels. All the products and technologies attracted the attention from the industry, we reached our goals of participating, and will surely continue to choose LET-a CeMAT ASIA event platform in the future!

**Hainan Airlines**

Mr. Tang Warehousing Management  
Senior Manager Purchase Management Dept.

At this year's LET-a CeMAT ASIA event, I saw many new ideas, new concepts, and new technologies in warehousing and logistics applications which surely help manufacturing companies improve their production efficiency and quality. It is worth mentioning that the on-site service quality and service facilities of LET-a CeMAT ASIA event are very good. I hope that the organizer will continue to provide more professional and higher-end exhibition services for exhibitors and visitors.

## Previous Well-known Exhibitors

# Why participate LET-a CeMAT ASIA event 2019?

## Trust Worthy

LET-a CeMAT ASIA event is a professional logistics equipment and technology exhibition authorized by the China Ministry of Commerce and the Guangdong Provincial Department of Commerce. It has become one of the largest smart logistics trading fairs in South China.

## Buyers Nearby

As the most important manufacturing base in China, South China has many important end-user industries, such as 3C electronics, automobiles, new energy, home appliances, LED lighting, furniture, building materials, toys, e-commerce, food, pharmaceutical etc. The number of professional visitors and buyers of the LET-a CeMAT ASIA event is increasing rapidly year by year.

## Preemptive Opportunities

Not only local logistics equipment manufacturers in South China have used the LET-a CeMAT ASIA event as the platform to showcase their products and technologies to thousands of potential customers, but also international companies have rushed to join the feast.

## Rich Activities

The concurrent events of LET-a CeMAT ASIA event are splendid, more than 20 activities hold concurrently during the show period, such as "Golden Ant Awards Ceremony", E-commerce Logistics Summit, Digital Factory Conference, Intelligent Material Handling Conference, Manufacturing and Supply Chain Summit, Smart Cold Chain Development Summit, etc. The concurrent activities provide exhibitors with a good opportunity to communicate with professional visitors, learn from each other and enhance mutual understanding.

## Unique Advantages

LET-a CeMAT ASIA event will complete the product category and enlarge the exhibition scale to ensure the quality and quantity of professional visitors and buyers, so that the exhibitors can have better opportunities to find potential buyers and show products and technologies more efficiently.

## Business Opportunities

According to the buyer's survey, take the opportunities under the policies of "One Belt and One Road", "Made in China 2025", "Guangdong, Hong Kong, Macao and Dawan District" South China manufacturing industry is facing a comprehensive transformation and upgrading, factory renovation, product line logistics, automated logistics, supply chain logistics, etc. urgently need automated upgrading solutions.

## Supporting Associations

LET-a CeMAT ASIA event is closely linked with Guangzhou Logistics Technology and Application Association, "Guangdong Chamber of Daily-Used Chemicals, Guangdong Paper Association, Guangzhou Harbour Shipping Association, Dongguan Logistics Association, Foshan Ceramics Industry Association" etc., provide exhibitors more opportunities aside of a show platform, helping the exhibitors conveniently access the local market.

## International Contents

LET-a CeMAT ASIA event is based in Guangzhou and serves South China Market, including Hong Kong and Macau, and radiates to ASEAN, South Asia and West Asia. It is THE choice of exhibiting in a logistic show in South China.

## Leading Innovations

To meet the huge demand for factory renovation at current stage, the organizing committee adds "Intelligent Manufactory Show" aside LET-a CeMAT ASIA event to provide comprehensive communication platform between upstream and downstream enterprises, finding solutions for smart factory design, warehousing, delivering, retailing and supply chain.

## Professional Platform

In the South China market, many well-known domestic logistics equipment manufacturers showcase the latest logistics technologies and products through LET-a CeMAT ASIA event and seize the market.

# Full Participating from Users' industries
